**A BILL
To Be Entitled**

An Act providing for the determination of the taxable value of property and the amount of taxes properly payable in cases where the validity of an assessment of taxes by an assessor, or the validity of the act of a Board of Equalization in its adjustment thereof is in issue; and providing for the foreclosure of the tax lien and the sale of such property; and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That in any case where the validity of an assessment of taxes, or the validity of the act of a Board of Equalization in its adjustment thereof is in issue, in the event it shall be found by the Court that such assessment or adjustment was illegal, invalid, or void, or should for any reason be set aside, then said Court shall proceed with the trial of the case and shall ascertain and determine the true taxable and equalized value of the property involved and shall determine and establish the amount of taxes properly payable thereon, according to the tax rates established in the manner provided by law.

Sec. 2. The fact that under existing laws a Court holding such assessment or adjustment illegal, invalid or void, is without authority to ascertain and determine the true taxable value of the property in-

involved, or to establish and determine the amount of taxes properly payable thereon and that whereby the payment of just and equitable taxes may be and is avoided, creates an emergency and an imperative public necessity that the constitutional rule requiring that bills be read on three several days in each House be suspended and said rule is hereby suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

A BILL

To Be Entitled

An Act providing better provisions for the State contracts for printing and distributing the laws and

resolutions of the Legislature, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. The Board of Control shall, at the opening of each Regular Session of the Texas Legislature, award a special contract for printing the General and Special Laws and resolutions to be passed by each Regular or Special Session of the current Legislature, said contract to be separate and apart from all other contracts for public printing. The General and Special Laws shall be printed in separate volumes upon order of the Board of Control. The contract for said printing shall be prepared by the Board of Control and shall provide such penalties as will assure the delivery of said laws within the contract time limit. A special stipulation shall be included in such contract providing that the printer shall produce at least forty-eight pages per day from the time the last copy is furnished him by the State. Binding time shall be allowed of not less than eight thousand sections of thirty-two's each day after the printing is completed, according to the foregoing schedule. The printer shall be required to begin delivery of completed books within a reasonable time after the printing is completed and binding commenced, which limit shall be set out in the call for bids made by the Board of Control. An appropriation shall be made by the Legislature to pay the cost of compiling, indexing and printing all such laws and resolutions.

Sec. 2. There shall also be placed in said contract a stipulation requiring the printer to have the proof read and corrected as provided herein, before submitting such proof to the State. The printer shall have such proof read by a competent proof reader and copy holder, and the discovered errors shall be corrected and a revised proof submitted to the State. While the proofs are in the hands of the State the time shall not be charged against the contractor doing the work, and he shall be allowed extension of time in which to deliver the finished product equal to the number of days the proofs are withheld from him by the State. The Comptroller shall not issue a warrant to the printer in payment for the printing of such laws and

resolutions unless and until the printer, if an individual, or if a corporation, partnership, or association, the vice-president, secretary or manager of same has made a sworn affidavit that he has complied with this Section.

Sec. 3. Such laws and resolutions shall be compiled and printed under the direction of the Secretary of State, who shall within twenty-six days, excluding Sundays, after adjournment of the Legislature, furnish all copy therefor, the delivery of the first copy to the printer to begin as the bills are signed by the Governor: provided that copy for the index shall be given to the printer within five days after the printer has furnished all page proofs of the laws to the Secretary of State.

Sec. 4. The Secretary of State shall distribute the printed laws of each Session of the Legislature to the following named officers: he shall mail or distribute in person one free copy to the Governor, three copies to each of the heads of all Departments and one copy to each of the judges of the several courts throughout the State; one copy to each district and county attorney in the State and one copy to each member of the Legislature.

Sec. 5. All laws or parts of laws in conflict herewith are hereby repealed.

Sec. 6. The fact that the present contract for printing the laws does not necessarily call for prompt delivery of the printed laws and does not assure accuracy in printing the laws, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in each House be suspended, and the same is hereby suspended and that this Act shall take effect and be in force from and after its passage, and it is so enacted.

Message From the Governor.

The Chair recognized the Doorkeeper, who introduced a messenger from the Governor with the following message:

Executive Office,
Austin, Texas, July 2, 1929.
To the Honorable Senate of the State of Texas:

I return herewith Senate Bills numbers 105, 98, 27, 137, 155, 104, 196, 103, 124, 159, 57 and 156.

Each bill is intended to raise the salary of some public officer or officers. Each bill, with the exception of one, is written in general terms and contains a provision limiting its application to the named officers of counties or districts of certain given descriptions. Most of these counties or districts are described by population. It may, therefore, be said that the bills with one exception are general bills, but of local application. They are all salary increase bills. I do not believe these salaries should be increased in this manner, and I hereby veto these bills, and return them herewith.

Respectfully submitted,
DAN MOODY,
Governor.

Committees Report.

The Committee to inform the House that the Senate was ready to adjourn sine die appeared at the bar of the Senate and Senator Russek informed the Senate that the Committee had performed its duty.

The Committee appointed to notify the Governor that the Senate was ready to adjourn sine die appeared at the bar of the Senate and Senator Parrish reported that the Committee had performed its duty, and submitted the following message from the Governor:

To the members of the Forty-first Legislature of Texas
Ladies and Gentlemen of the Legislature:

Of the appropriation bills passed at this session of the Legislature, I have up to this time approved appropriations in the amount of \$232,780.00. There is now before me, but unapproved, bills passed by this session of the Legislature carrying appropriations in the amount of \$35,819,978.48. The total of these two figures, that is, \$36,052,758.48, represents the amount of appropriations carried in bills passed in this Second Called Session of the Forty-first Legislature, which have come to me for approval. I am further advised that you have adopted a free conference report on the Education Bill and that this bill, as prepared, carries appropriations in the amount of \$16,496,545.00. The total of all of these figures, that is, \$52,549,303.48, is the amount which has been appropriated by this Second Called Session of the Legislature.

During the Regular Session and the First Called Session of the Forty-first Legislature, your appropriations, which were approved, total \$2,349,884.04.

Therefore, according to these figures this Legislature in the Regular, First and Second Called Sessions, has appropriated a total of \$54,899,187.52. So far as I am informed this exceeds by several million dollars the appropriations of any Legislature in the past history of this State.

The amount of these appropriations which are to be paid from the general revenue of the State during the two ensuing fiscal years can be approximately estimated. Estimates made by different people would vary in amount, but I believe that all will agree that considerably more than \$50,000,000.00 of these appropriations must be paid from the general revenue fund during the next two year.

Varying figures have been offered as to the possible income to the general revenue fund of the State for the ensuing biennium. I know of but one way to figure this and that is after the formula prescribed by the statutes. When the income is so figured, allowing as liberal estimates on valuation and income from sources other than ad valorem taxes as are reasonable, the maximum rate of taxation allowed under the Constitution would yield approximately \$49,000,000.00 to the general revenue and likely some less than this sum. It is apparent to my mind that these appropriations exceed the prospective income for the period during which they must be paid.

I deplore the fact that the Legislature feels the necessity to appropriate the maximum of State income under the highest tax rate allowed under the Constitution. I do not believe such a necessity exists. I do not believe that the people of Texas want the Legislature to be niggardly or stingy in support of its institutions or departments, but I know that they want economy practiced by the Legislature, the institutions and the departments. There is no security against extravagance or waste except the fidelity of the public officers and employees. When the amount of money expended in past years in support of the government is considered, I believe that you can adequately provide for all activities of the government and bring the appropriations under the present bills by a large sum of money. In 1921, that is only eight

years ago, the appropriations totaled only \$24,419,688.55. The bills passed by this Legislature represent an increase of more than one hundred per cent in the cost of the government in a period of eight years. Against such a rising tide in State expense, someone must stand. The tax paying public will not endorse any such ratio of increase in the cost of government, and should be protected from such increases.

The law permits the Governor to veto items from the appropriation bill. He cannot reduce an item, but he must either approve it all or veto it all. He is prohibited from reducing an item to an amount which he thinks reasonable. He must let the whole item stand as passed by the Legislature or strike it all from the bill. In most instances the items which can be vetoed are small and you must remember that it takes a thousand \$1,000.00 items to equal \$1,000,000.00. When you contemplate this fact the improbability of my being able to reduce these appropriations to a reasonable sum must be apparent to all of you. I abandon all hope of vetoing items as a means of bringing these bills within a sum which would be a reasonable expense for the support of State departments and institutions for the ensuing two years.

The duty to keep the expenses within the revenue of the State government is a mutual one, it rests upon the Legislature and it rests upon the Governor. The duty to keep State expense within proper limits is likewise mutual between us. I consider it my duty to veto the major appropriation bills, if not all appropriation bills now before you. I shall veto the major appropriation bills, and it is my purpose to issue a proclamation tonight convening the Legislature in Special Session for tomorrow morning at ten o'clock. The subject of appropriations for the support of the departments and institutions of the State government will be submitted for your consideration.

Respectfully submitted,
DAN MOODY, Governor.

Bill Signed.

The Chair, Lieutenant Governor Barry Miller, gave notice of signing, and did sign, in the presence of the

Senate, after its caption had been read, the following bill:
